

Street public boat ramp and including partial local funding when necessary. It supports Federal, State, and local efforts for navigational dredging projects. The Town opposes permit denial for navigational dredging projects if such denial is based on the presence of submerged aquatic vegetation.

IMPLEMENTATION STRATEGY

The Town will lobby Federal and State agencies for channel maintenance projects and support Dare County's similar efforts. It will cooperate with Federal, State, and local governments to allow appropriate spoil areas for dredging projects. The Town will support efforts to make the Dock Street access a more usable facility.
